PROFILE

Full Stack Developer with hands-on experience building **scalable web and mobile applications** using **Flutter, Node.js, Laravel, Next.js, PostgreSQL, and MongoDB**. Experienced in **REST APIs, GraphQL, background jobs, database design, and third-party integrations**. Strong contributor in **agile, team-based environments**, delivering production-ready features across backend, frontend, and mobile platforms.

WORK HISTORY

Courtclick, *Junior Software Developer*

03/2025 – present
Kochi, Kerala

- Developed backend features using **Laravel and Python**, including **jobs, migrations, and complex database insertions**.
- Integrated backend APIs into the **Flutter mobile application**, improving performance and stability.
- Replaced third-party Flutter packages with **custom native implementations**, reducing dependency issues and improving maintainability.
- Built and maintained **Next.js web features**, ensuring consistency between mobile and web platforms.
- Collaborated in an **agile team environment**, contributing to planning, debugging, and feature delivery.

Techfriar, *Fullstack Developer Trainee*

08/2024 – 02/2025
Kochi, Kerala

- Built and deployed **multiple full-stack applications** using **Next.js, Node.js, MongoDB, PostgreSQL, REST APIs, and GraphQL**.
- Converted **high-fidelity Figma designs into responsive web applications** using modern frontend practices.
- Developed a **user verification system** integrating external APIs for identity and data validation.
- Implemented **authentication, CRUD operations, and role-based access control** across applications.
- Collaborated in a **task-driven, agile training environment** simulating real-world development workflows.

SKILLS

Technical Skills

- **Programming Languages:** JavaScript, TypeScript, Python, Dart
- **Frontend Development:** React.js, Next.js, Flutter, HTML5, CSS3
- **Backend Development:** Node.js, Express.js, Laravel, REST APIs, GraphQL
- **Databases:** MongoDB, PostgreSQL
- **Tools & Platforms:** Git, GitHub, Docker, Firebase, Postman, Stripe, Razorpay, Render, MinIO, Figma

Soft Skills

- Strong problem-solving and analytical thinking abilities.
- Excellent written and verbal communication skills.
- Proven ability to work effectively in a team environment.
- Quick learner with attention to detail.
- Adaptable to new technologies and methodologies.

CERTIFICATES

upGrad - Full Stack Development Bootcamp

- **Full Stack Development Bootcamp – upGrad**
- 600+ hours of hands-on coding using **MERN Stack (MongoDB, Express.js, React.js, Node.js)**
- Built full-stack applications including an **Instagram clone**
- Implemented authentication, APIs, database schemas, and deployments

PROJECTS

CourtClick – Mobile & Web Application

- Developed a **Flutter-based mobile application** for lawyers and litigants to manage court cases with **real-time updates, notifications, and timelines**.
- Implemented **REST APIs and backend logic using Laravel and Node.js** for case processing, subscriptions, and alerts.
- Worked on **database design, background jobs, and data parsing** to handle large-scale court data efficiently.
- Collaborated with cross-functional teams to deliver production-ready features used by real users.

Workfriar - Project Management System, *Techfriar*

- **Contributed to backend development and core business logic** of a role-based project management system, enabling admins to manage projects, employees, forecasts and timesheets efficiently.
- **Implemented key backend functionalities**, including project assignment workflows, project status report workflow and role-based access controls, to support a hierarchical admin and user structure
- **Worked closely with a team of 8**, coordinating tasks and ensuring smooth integration of backend and frontend components to deliver a scalable and secure enterprise-grade application

EDUCATION

B.Tech in Electrical and Electronics Engineering, *Federal Institute of Science and Technology*

Kochi, India

- Graduated from the course with a CGPA of 7.91
- Attended the honors program along with the regular course curriculum
